

DISTRICT OF COLUMBIA

OFFICE OF THE STATE SUPERINTENDENT OF

EDUCATION

November 2021

To State Departments of Education:

I highly recommend ASG's proposal writing services, including their custom cost sheets, to states in need of assistance in developing and issuing RFPs for assessment development and administration.

The District of Columbia has a sophisticated assessment system that is overseen by a small assessment staff. Partnering with ASG to write the RFP allowed us to continue running the day-to-day operations of the department and issue the RFP in a timely manner without overextending our staff's capacity. ASG met our schedule and quality needs and provided valuable assistance and thought partnership in the areas of assessment design, administration and cost management.

ASG's collective experience and knowledge of assessment design issues, operational best practices, and cost control measures were of great benefit throughout the process. The RFP they developed with us was of high quality and accurately reflected the needs of the District.

I would not hesitate to use their services again.

Sincerely,

Stephanie Snyder

Deputy Director of Assessments

Office of the State Superintendent of Education

Government of the District of Columbia
